Competition Club

What is MATHCOUNTS?

The MATHCOUNTS Competition is a national middle school coaching and competitive mathematics program that promotes mathematics achievement through a series of fun and engaging "bee" style contests.

Come Join In!

MATHCOUNTS® is a national Middle School program that encourages students to increase their math skills through learning and competition. Students meet Mondays and Wednesdays after school between 3:10PM to 4:00PM for practice.

A practice session includes correcting weekly assignments, a lesson (often things that are not taught in the regular classroom), and a competition to improve the students' speed and accuracy. See <http://MATHCOUNTS.org> for more MATHCOUNTS information.

Top students advance from school competition to regional, state and national competitions. The top 8 students from the school competition to the DFW Mid Cities regional competition. The top teams and an All-Star team from the regional go to an all expense paid trip to state competition. The top four students in the state take an all expense trip to national competition.

Having math as your best subject is not required to join! All you have to have is a desire to learn and be willing to do what it takes to become better! *We have snacks at every practice!*

Sign-up Now!

Note: The Club is only for the 6th thru 8th Grade Students. We have limited space!! There is no charge for this Club.

If you think that your child wants to be in this program or need further information please contact our Mathcounts Coach, Mr. Kilic, at (817)-354-3000 Ext:124 or skilic@harmonytx.org.
