MEET THE TEACHERS

Date: Friday, September 18

From 1.00PM to 5.00PM

It is a time to meet teachers and tour classrooms. **All students will be dismissed at 12:30 PM.**

Here are some tips for making the most of the event:

- What is the homework policy?
- "Some kids need a little help. How do they deal with that?"
- Ask about the extras. Besides the normal curriculum, how much emphasis is placed on the foreign languages, art, music and physical education?
- Ask how you can help your child succeed. For example, are there certain materials you should have at home?
- Be sure to ask about the best way to communicate with the teachers
- Etc...

This event is intended to be an opportunity for the parents to meet with the teachers and get information about the school programs.
