Harmony in U.S. News' America's Best High School List

Harmony Science Academy - Houston made into the 2010 America's Best High School list of U.S. News & World Report and received a silver medal. Selection criteria included college readiness indexes, state test performance and success in closing performance gaps for disadvantaged students. There were only 50 high schools in Texas that was awarded by gold or silver medal. Congratulations!

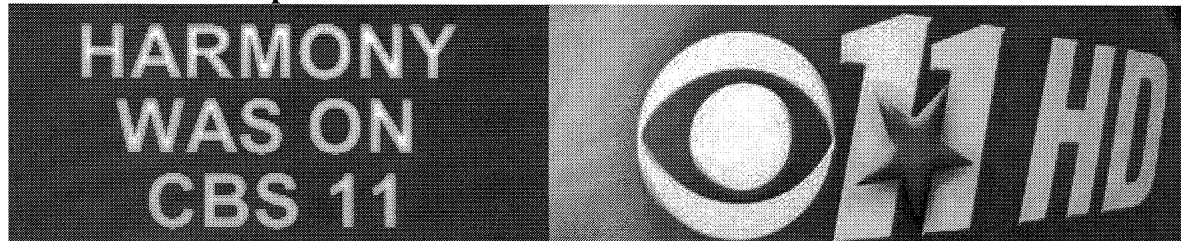

Great News on Playground and Construction

Great news for our students! Our playground, shown on the left, is received by the central office and it is scheduled to be installed at the end of January.

Also the central office is about to finalize the sketches of the expansion of the school for next school year. The vacant space adjunct to the school will be used for gym, library, additional classrooms and offices which will be needed as the school grows to serve K-9th grade students next year (and K-12th grade students by 2013).
